Pneumatic centering units

STRONG HOLDING FORCE

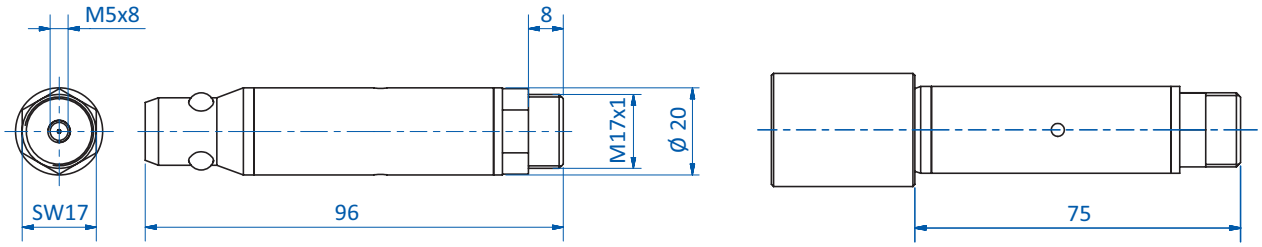
Product notes

> Single-acting centering element for high-precision demolding
> Strong holding force in the coupled system
> Guiding sleeve embedded in the mold
> Optional position monitoring (locked/unlocked) via PNP/NPN sensors
> Sensor is fixed to centering unit via mounting bracket GR07.520S clamping diameter 20 mm
> PNP and NPN sensors: C-Nut, straight: GR04.198, GR04.198/NPN

Technical data

Item no.	Description	Holding force at 6 bar (87 psi) [N]	Accessories
GR07.520	Centering unit	750	Sensor: GR04.198 Sensor: GR04.198/NPN Sensor mounting bracket: GR07.520S

Dimensions



GR07.520
