

## Quick-change systems | Series SR

Round quick-changers Ø 150 mm, 10 air inlets - robot side

Round quick-changers Ø 150 mm, 10 air inlets - robot side

### Product description

- > Manual interface between robot and gripper system
- > Air connections always correctly aligned
- > Suitable for high acceleration and vibration
- > Body made of high-strength, anodised aluminium alloy

### Notes

- > Suitable for FIPA and third-party quick-change systems

### Ordering notes

- > Stainless steel design on request

### Technical data

Item no.	SR150-A
Lifting force [N]	1,000
Number of pneumatic connections	10xG1/8
Max. working pressure [bar]	6
Max. working vacuum [bar]	-1
Max. torque [Nm]	250
Max. bending moment [Nm]	100
Repeat accuracy [mm]	+/- 0.025
Weight [g]	1,190
Suitable plug connectors	20.535 (p.38)
